

OCEANetwork Graduate Recognition Event

Motto: Learning is Lifelong

Purpose Statement: The Graduate Recognition event is an extension of the Oregon Christian Home Education Association Network (OCEANetwork), who's main goal is to glorify the Lord Jesus Christ. The offering of such an event allows families to celebrate the many years of sacrifice, commitment, and dedication put forth by home educating parents and their students.

Mission Statement: The Graduate Recognition event exists to provide private Christian home educated students an opportunity to celebrate with other like minded families the accomplishments of the parents and their students. We are honored to recognize this great achievement with family and friends, openly encouraging and inspiring the truth that wisdom is God given and learning is lifelong. Our prayer is that we will be a humble reflection of Christ's love to all who attend this celebration.
